

## SHELF DIVIDER

*Shelf dividers are designed to mount on Multi-function, General Purpose, Storage Cabinet, Center, Low Profile, and Storage Shelves in the flat position only. They will not work with Corner Shelves, Roll-out Shelves, or Wire Shelves.*

1. Install shelf as designated.
2. Slide shelf divider over front non-lipped edge of shelf and position horizontally as desired.
3. Bend the tab of the shelf divider at the scored line up over the bottom lip of the shelf by applying slight pressure with your hand.
