

CABLE TRAY FRAME MOUNT

1. Install a 5/16-18 x 3/8" phillips head screw provided into each hanger clip at opposite ends, leaving a 3/16" gap between the screw and clip. (Figure 1)
2. At designated mounting height, install hanger clips on the left and right-hand sides of the frame with the screws at the top. Make sure clips are firmly seated in the hanger frame.

3. Align large end of top keyhole slots on both sides of cable tray with the screws. Slide tray down over screws to engage. Install two additional screws in the lower holes of the tray. Securely tighten all screws. (Figure 2)
