

PENCIL DRAWER

Plastic drawer provides storage for pencils, pens and other small personal items. Drawer mounts under an Ultra Surface, Peninsula Surface or WorkTop. Comes with metal ball bearing slides, with a 3/4 extension. Load capacity of 25 lbs. (2.3). Finish comes only in black. **Note:** Surfaces do not have predrilled mounting holes for the drawer.

Attach "Z" Clips

1. Using the (4) phillips pan head machine screws, attach (4) "Z" clips to the drawer slides threaded holes.

Mounting Location

2. Hold closed pencil drawer in desired location on underside of work surface. With pencil drawer front edge in line to work surface edge, mark (4) slotted hole locations. Drill .125" x 1/4" pilot holes.

Attach Pencil Drawer

3. Fasten with (4) #10-12 1/2" phillips head wood screws through slotted holes in "Z" clips. Adjust drawer front with work surface edge, tighten screws.
