The compact design and mounting friendliness of the DPB makes it an optimum choice of desk panel for height adjustable desks where only up and down functions are required. The panel is compatible with all DESKLINE® control boxes with micro-processor. As an option the DPB can be mounted in a drawer so when not in use the panel can be hidden under the desk.

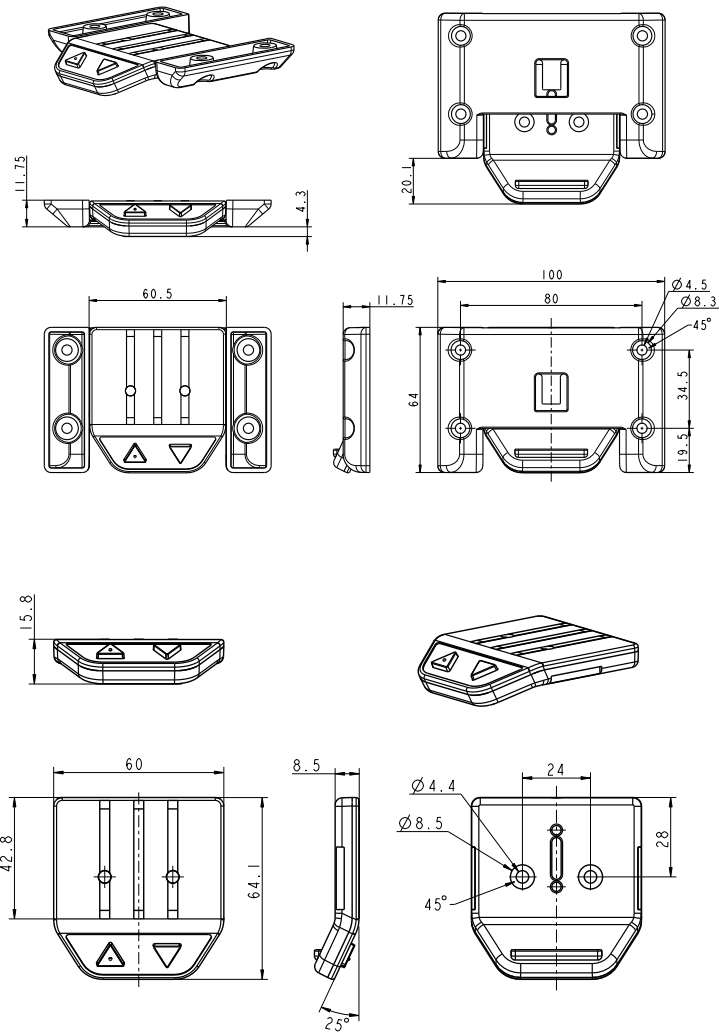

Operation of the DPB in connection with DESKLINE® systems (not CBD2N)

The Desk Panel is used to operate the DESKLINE® system. The two arrow buttons are used for single or parallel drive.

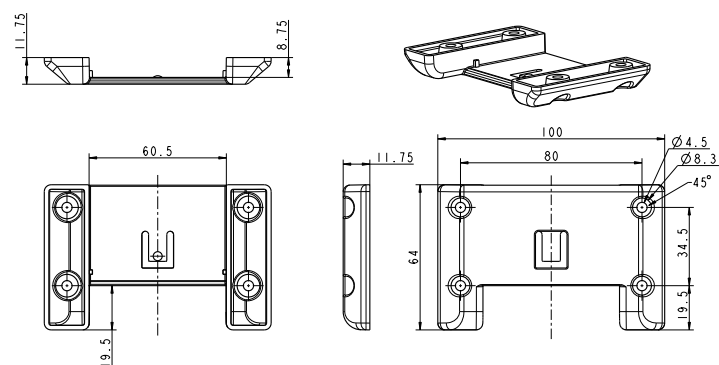

Drive (△▽)

The arrow buttons start single or parallel drive. The function is only activated when holding the button down.
