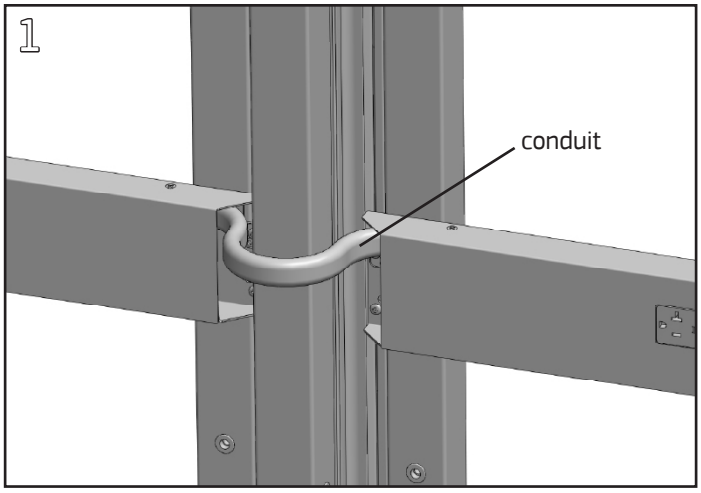
Electrical Distributor Face-Mount Cover, 3-way

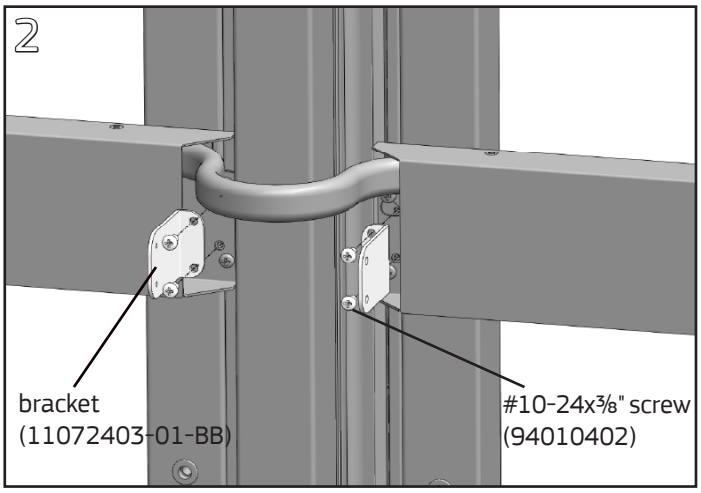
Product Numbers
- EDCF3

Hardware Pack: EDCF3 (p/n 12022513-01)

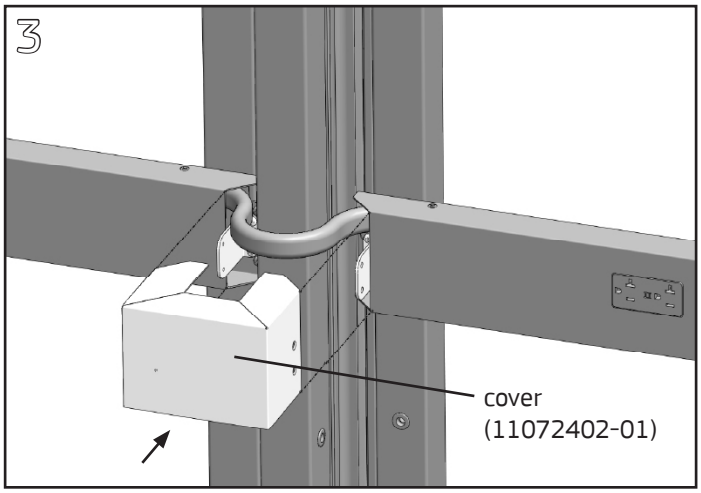
Required Tools
- #2 Phillips Screwdriver



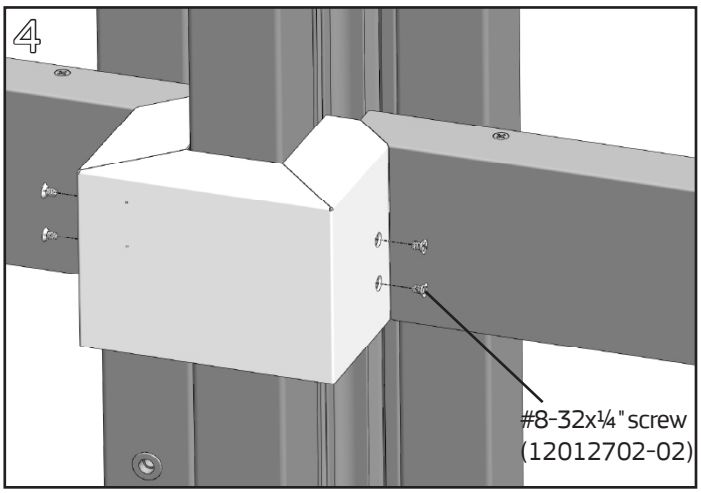
Install Electrical Distributors and Jumper Cable per individual product installation instructions. Route the Entry Cable conduit near the top of the Electrical Distributor.



Attach a bracket to each distributor end with two #10-24x⅜" Phillips pan head screws, fastening into the two tapped holes in the clip of the Electrical Distributor. Tighten screws with a **#2 Phillips screwdriver**.



Slide the cover over the flange of each bracket.



Align the countersunk holes in the cover with the tapped holes in the bracket flanges. Fasten the cover with two #8-32x¼" Phillips flathead screws on each bracket using a **#2 Phillips screwdriver**.
